

Technology Festival / Showcase 2010

This year the Technology Festival will be held on *November 4, 2010* in room *Keystone E* from *1:00 to 3:30pm*. Please take the time to review your program and consider joining us this year. Everyone must have an activity or an idea for an activity that has something to do with recycling or going green.

Please consider displaying one of your activities. Please remember, **this is not a formal presentation** but rather a wonderful opportunity for all those in attendance. Merely set up your activity with a handout of some sort and as the attendees make their way around the room, do some networking.

We also invite you to learn more about our conference at www.teap-online.org.

Thanks in advance for your cooperation, participation and support...

You can contact me at Tredyffrin Easttown Middle School, Berwyn Pennsylvania, 610-240-1200, Voice Mail 2211, e-mail frescolne@tesd.net, Fax 610-240-1225.

Please reply to this request should you be interested in participating or forward this to another individual that may be interested.
